1 Task 1

Find requirements of bachelor thesis. Write a \LaTeX -document explaining your findings. Document your sources.

1.1 Bachelor thesis requirements

1.1.1 Structure

The Bachelor thesis should include: cover, table of content, main content (introduction, body, summary), references, and affidavit. The thesis might also include: list of abbreviations, list of figures, list of tables, list of symbols, appendix.[1]

The thesis should include: title page, table of contents, vocabulary of main concepts, introduction, report part (scientific literature review, methodology, empirical data analysis), conclusions and proposals, list of references, summary, and annexes.[3]

It is suggested that the thesis include: front page, title page, preface, table of content, abstract, summary, introduction, background, methods, results, discussion, conclusions, perspectives, bibliography, and appendix.[2]

1.1.2 References

All references that has been quoted or cited in the text have to be included in the reference list.[1]

It is important to give a reference when making statements from literature. Reference acknowledge the work of others, and provide information of the sources used.[2]

1.1.3 Length

The content part of the thesis should span 20 to 35 pages. The thesis should be as short as possible, but as extensive as necessary, while still within this range.[1]

The thesis should be between 40 and 50 pages, not including title page, table of content, and list of references.[3]

The thesis contains maximum 100 pages, not including front page, table of content, bibliography, appendix, figures, tables, and models.[2]
